

Are you getting the patients you want?

Is your practice growing as fast you would like? Get your website with iHealthSpot and watch your practice grow.

Call 877-709-0999 or visit iHealthSpot.com

iHealthSpot is a recognized leader in medical website design, development and patient education and we specialize in orthopedics! Our practice websites come packed with award winning features you won't find anywhere else including patient education, tools for secure online communication, easy content editing, and extensive search engine optimization. Our medical websites get REAL results, are affordable and we make it easy to get up and running in as little as two weeks!

Website Packages

Choose from four website packages and two hosting and patient education packages designed to get you the patients you seek and who seek you!

+ Quick Start Website – Only \$399

This starter website makes it fast and affordable to be online with a professionally designed website. Choose from a variety of templates, with and without FLASH animation. The site includes 4 pages of custom content, graphics and a secure contact form. We can have you up and running within two weeks! Example site: www.SandiegoOrthopedicSurgery.com

+ Basic 10 – Only \$999

This mid-level package offers great features for the practice on a budget. Site includes a custom design, ten pages of custom content, graphics, a secure appointment request form and your patient registration and health history forms for patients to download and print at home and bring to their first visit saving time in the office! Example site: www.ComprehensivePainCare.com

+ Standard 15 – Only \$1999

This larger website package is for the growing medical practice and is well suited for those with more than two physicians. This site includes a custom design, graphics, 15 pages of custom content, a secure patient survey, one additional secure form and two downloadable forms. Example Site: <http://www.WalkerOrthopedics.com>

+ Premier Plus – Only \$3999

This is our most complete package for the practice on the cutting edge. This site includes a custom design, a flash header, graphics, different header graphics on secondary pages, 25 pages of custom content, a secure appointment request form and 3 additional secure interactive forms of your choice. Example Sites: www.BoneAndJoint.Org and www.SPBJ.net

Hosting and Licensing – First two month are FREE

Pro Plus Plan - Just \$99 per month!

This plan comes packed with features and benefits you simply cannot get elsewhere for a price that cannot be beat and includes:

- **Licensing of our award winning physician written patient education library; complete with illustrations. Our content is a five time national award winner for excellence in health education online, a STEVIE (American Business Award) winner, and is accredited by HON, The Health on the Net Foundation. In addition, all development is overseen by a board certified, fellowship trained orthopedic surgeon.**
- Use of the secure forms interface including private access to form results with intuitive ways to store, aggregate and export results.
- Use of our web editor EzNetPublish, which allows any administrative person in the office to make changes to the site without needing to know how to program. We will also make up to 3 minor changes to your site at no additional charge each month for you.
- Complete search engine optimization and monthly submission including submission to Yahoo! and Google local and Yahoo! express submit. This is a huge feature that enables you to rank great on searches.
- Free domain registration and renewals! We pick up the cost of your yearly domain renewals as long as you host with us. (\$50 per year)
- Monthly peer-written articles fed to your website featuring topics and advancements related to your specialty.
- 10 email accounts
- Plenty of traffic transfer allowing for no down time.
- Web mail so you can access email via the web from anywhere.
- Nightly back-ups of your site
- Detailed Traffic reports including number of visits, page views, search terms used to find you, referral sites, traffic sources and more!
- Email Anti-Virus
- Email PDA support
- Private domain registration
- Complete training on interfaces
- 24/7 Customer Support

Pro Plus Extra Plan - Just \$149 per month

This plan comes packed with all the features and benefits of Pro Plus as well as the following additional features:

- Videos with 3D animation and an intuitive clickable body interface. Add 75 orthopedic videos with detailed 3D animations to your library.
- Additional 5 email accounts
